CORNERSTONE ALLIANCE LEADS COMMUNITY-BASED CAMPAIGN TO INCREASE POPULATION IN SOUTHWEST MICHIGAN

Cornerstone Alliance announced an initiative to address Southwest Michigan’s biggest obstacle – stagnant population growth. Cornerstone Alliance is collaborating with community organizations, companies and individuals on an innovative recruitment campaign – Vacay-Everyday.com

“The equation for long-term success is simple – we need more people. A review of the Michigan population statistics shows that we have largely reshuffled our population instead of growing it. There are tens of thousands of people coming into our community every year. They come here to swim at the great beaches, to taste the finest wines, to eat amazing food and to enjoy cross country and downhill skiing. We hear it time and time again, that they don’t want to leave.”
