

GET YOUR DRINK ON

With 50 wineries, breweries and distilleries in Berrien County, Michigan, there's certainly something available for the most discerning and thirsty palate. Many of the wineries and breweries offer live entertainment and culinary delights throughout all four seasons.

Thanks to the sandy soil and warm breezes of Lake Michigan, the region is perfect for growing grapes. You'll find an extensive variety of wines—many that are award-winning—throughout the area. If you enjoy craft beers, you won't be disappointed. You can definitely find your "hoppy" place at the many locally-owned Berrien County breweries. Should spirits be your preference, you'll find vodka (made from grapes), whiskey, rum and gin—all made on site and from scratch.
